NAZMUL HOSSAIN

CEO, InfoTech BD & Design24hr.com

Software Engineer | Graphic Designer | UX/UI Designer | Digital Marketer

E-commerce Seller | Experienced in Blockchain, CryptoCurrency

Top Rated Plus Freelancer on Upwork

Educational Qualification & About Me

I have Graduated with a degree in B.Sc Economics , I've also completed CSE Degree in Computer Science & technology From University of London (Online) And BOU Bangladesh.

I started my career as a Graphic Designer in 2015. Then I've learned a lot, I've learned How the internet works, how the technology works, and I had very strong interest about Technology and the internet services.

My Skills

- Graphic Design & Branding, Product Design & UX/UI Design
- Full Stack Engineer - Web, Mobile & Software Dev (Windows, MacOS, Android & IOS)
- Sales & Digital Marketing Strategy & E-commerce

➜ Graphic Design, Product Design & Design EcoSystem
———————————————————————————————————————

From The Business logo to Sales & Marketing Materials Design, I will help you all of the aspect that a business needs. It's Includes The Whole Design System, such as -
✔ Branding & Identity Design ✔ UX/UI Design ✔ Product Design ✔ Print Templates Design
✔ Marketing Materials Design ✔ Web, Mobile & Software Design ✔ Infographic Design
✔ POD Product Design ✔ E-commerce Photo Editing, Design & Real Life Images

➜ User Experience & User Interface = UX/UI Design
———————————————————————————————————————

I'm also Educated in this Field, I Care about Users Emotions, How they interact with the Design, How they feel the system. My Primary focus is to make it easy to understand for users. USER IS KING.
I can perform UX/UI Fields such as -
✔ User Research ✔ Information Architect ✔ Wireframe ✔ Ui Design
✔ Prototyping ✔ Usability Testing ✔ Deployment

➜ Development, Deployment and The Future of Technology
—————————————————————————————————————
You Know? Code is LAW. I Love Coding, I Love to Build Something.

But In Order to Create Something, I also need to make it looks Nice and Usable.

Thats why I've already learned The Design & UX/UI.

But it's not enough to Build Something, Then what I've Learned? a Lot, haha,

Keep patience and Read further.

➜ Digital Marketing Strategist

——

Business Needs Marketing, As much people know about it, As much Grow The business is.

That's true. But It's Also true that The process is Time Consuming & Not That Organized.

FB Ads, Google Ads, Emails, Leads, Social Media Platforms, And More.. 😭 😭 😭

So It's Hard to manage Everything? Actually. NOOOOO.

It's Time to Automate The Process. I'll help you to Automate The Process Such as -

✔Social Media Profile Setup, Promotions & Management

✔Lead Generations From Website, Popup, Forms, And More Strategy.

✔Integration Website with Mailchimp & Other Email Clients

✔Email Marketing ✔Facebook Ads ✔Google Ads ✔Youtube Ads

✔Live Chat Support ✔Chat Bot ✔Link Building ✔SEO ✔Blogging

✔Custom Audience ✔Community Building And More
